# Plan Overview

# Who We Are

- Ascension Complete is a Medicare Advantage plan
- We provide quality healthcare you'd expect from a big company, but delivered on a local level
- That means our members benefit from strategic care coordination and programs through the strong and collaborative relationships we build with healthcare providers and community organizations
- Ascension Complete is designed to give members:
  - Affordable healthcare coverage
  - Benefits they need to take good care of themselves
  - Access to doctors, nurses and specialists who work together to help them feel their best
  - Coverage for prescription drugs
  - Extra benefits that aren't covered by Medicare Part A or Part B (Original Medicare)

# Who We Are

- Ascension Complete provides complete continuity of care to Medicare members. This includes:
  - Integrated coordination care
  - Care management
  - Co-location of behavioral health expertise
  - Integration of pharmaceutical services with the PBM
  - Additional services specific to the beneficiary needs
- Our approach to care management facilitates the integration of community resources, health education, and disease management.
- We promote members' access to care through a multidisciplinary team- including registered nurses, social workers, pharmacy technicians and behavioral health case managers - all co-located in a single, locally based unit.

# Our Products

## Health Maintenance Organization (HMO)

- Medicare Health Maintenance Organization plans require members to select a PCP to coordinate their care.
- All services must be provided within the Ascension Complete network unless an emergency or urgent need for care arises, or such service is not available in-network.
- Some services require prior authorization by Ascension.

## Preferred Provider Organization (PPO)

- Under a Medicare Advantage Preferred Provider Organization plan, members may use the provider of their choice, but may have higher out-of-pocket cost shares.
- Members who have selected our MA PPO plan are not required to designate a primary care physician, although it is encouraged to help coordinate their care.
- Members of our MA PPO plan may self-refer to specialty care participating providers.

Ascension **Complete**™

Membership,  
Benefits and  
Additional Services

# Membership

- Medicare beneficiaries have the option to stay in the original fee-for-service Medicare Plan or choose a Medicare Advantage Plan from Ascension Complete.
- Advantage members may change primary care physicians (PCPs) at any time. Changes take effect on the first day of the month.
- Providers should verify eligibility before every visit by using one of the below options:
  - Website: [AscensionComplete.com](https://AscensionComplete.com)
  - 24/7 Interactive Voice Response Line - 1-833-623-0771
  - Provider Services – 1-833-623-0771
  - TTY - [711](tel:711)

# Member Selection or Assignment of PCP

- Ascension Complete gives members the freedom to select the healthcare provider of their choice.
- Services from in-network providers are covered in based on contracted provisions, fee schedule, and any standard coding and claim guidelines, with exception of member cost sharing or co-pays, or until the maximum out-of-pocket is met.
- Additional details are determined by product:
  - **Health Maintenance Organization (HMO)**
    - HMO members are required to select a primary care physician (PCP) to coordinate their care.
    - Out-of-network care is covered only in an emergency.
    - HMO Members are generally responsible for the full cost of care received from out-of-network providers.
  - **Preferred Provider Organization (PPO)**
    - PPO members are not required to select a primary care physician.
    - These members may use the provider of their choice, regardless of whether the provider participates in the PPO network.

# Medicare STAR Ratings

# Medicare STAR Ratings

## WHAT ARE CMS STAR RATINGS?

- The Centers for Medicare & Medicaid Services (CMS) uses a five-star quality rating system to measure Medicare beneficiaries' experience with their health plans and the health care system
- This rating system applies to Medicare Advantage (MA) plans that cover both health services and prescription drugs (MA-PD)
- The ratings are posted on the CMS consumer website, [www.medicare.gov](http://www.medicare.gov), to give beneficiaries help in choosing an MA and MA-PD plan offered in their area
- The Star Rating program is designed to promote improvement in quality and recognize primary care providers for demonstrating an increase in performance measures over a defined period of time

# Medicare STAR Ratings

CMS's Star Rating Program is based on measures in 9 different domains:

## Part C

1. Staying healthy: screenings, tests and vaccines
2. Managing chronic (long-term) conditions
3. Member experience with the health plan
4. Member complaints, problems getting services and improvement in the health plan's performance
5. Health plan customer service

## Part D

1. Drug plan customer service
2. Member complaints and changes in the drug plan's performance
3. Member experience with the drug plan
4. Drug safety and accuracy of drug pricing

# How Can Providers Improve STAR Ratings?

- Continue to encourage patients to obtain preventive screenings annually or when recommended
- Management of chronic conditions such as hypertension and diabetes including medication adherence
- Continue to talk to your patients and document interventions regarding topics such as fall prevention, bladder control, and the importance of physical activity and emotional health and wellbeing (HOS)
- Create office practices to identify noncompliant patients at the time of their appointment
- Follow up with patients regarding their test results (CAHPS)
- Submit complete and correct encounters/claims with appropriate codes and properly document medical chart for all members, including availability of medical record for chart abstractions
- Review the gap in care files, which list members with open gaps, available on our Secure Provider Portal
- Review medication and follow up with members within 14 days post-hospitalization
- Identify opportunities for you or your staff to have an impact on your patient's health and well-being
- Make appointments available to patients and reduce wait times (CAHPS)

## Billing Overview

# Electronic Claims Transmission

- When possible, we recommend utilizing Electronic Data Interchange (EDI) to submit claims and attachments for payment
- EDI allows for a faster processing turn around time than paper submission
- Ascension Complete partners with six clearinghouses for submission:
  - Availty– Payer ID Medical Claims 68069

# EDI Support

Companion guides for EDI billing requirements plus loop segments can be found on the Ascension Complete website:

**[AscensionComplete.com](https://www.ascensioncomplete.com)**

For more information about EDI, contact:

Ascension Complete  
c/o Centene EDI Department  
1-800-225-2573, ext. 6075525  
E-mail: [EDIBA@centene.com](mailto:EDIBA@centene.com)

# Claims Filing Timelines

- Medicare Advantage claims need to be mailed to the following billing address:

**Ascension Complete**  
**Attn: Claims**  
**P.O. Box 8050**  
**Farmington, MO 63640-3822**

- Participating providers have 180 days from the date of service to submit a timely claim
- All requests for reconsideration or claim disputes must be received within 90 days from the original date that explanation of payment or denial is issued

# Claims Payment

- A clean claim is received in a nationally accepted format in compliance with standard coding guidelines, and requires no further information, adjustment, or alteration for payment
- A claim will be paid or denied with an Explanation of Payment (EOP) mailed to the provider who submitted the original claim
- Providers may not bill members for services when the provider fails to obtain authorization and the claim is denied
- Dual-eligible members are protected by law from balance billing for Medicare Parts A and B services. This includes deductibles, coinsurance, and copayments
- Providers may not balance bill members for any differential

# Electronic Funds Transfer (EFT) Electronic Remittance Advice (ERA)

- Electronic payments can mean faster payments, leading to improvements in cash flow
- Eliminate re-keying of remittance data
- Match payments to statements quickly
- Providers can quickly connect with any payers that are using PaySpan Health to settle claims
- Free service for network providers - [www.payspanhealth.com](http://www.payspanhealth.com)

# Coding Auditing & Editing

Ascension Complete uses code editing software based on a variety of edits:

- American Medical Association (AMA)
- Specialty society guidance
- Clinical consultants
- Centers for Medicare & Medicaid Services (CMS)
- National Correct Coding Initiative (NCCI)
- Software audits for coding inaccuracies such as:
  - Unbundling
  - Upcoding
  - Invalid codes

# Claims Reconsideration & Disputes

A claim dispute is to be used only when a provider has received an unsatisfactory response to a request for reconsideration.

Submit reconsiderations or disputes to:

**Ascension Complete**  
**Attn: Reconsiderations**  
**P.O. Box 8050**  
**Farmington, MO 63640-3822**

## Meaningful Use: Electronic Medical Records

# Meaningful Use

- The exchange of patient data between healthcare providers, insurers, and patients themselves is critical to advancing patient care, data security, and the healthcare industry as a whole
- Electronic Health Records/Electronic Medical Records (EHR/EMR) allow healthcare professionals to provide patient information electronically instead of using paper records
- EHR/EMR can provide many benefits, including:
  - Complete and accurate information
  - Better access to information
  - Patient empowerment

*(Incentive programs may be available)*

Ascension **Complete**™

# Advance Directives

# Advance Medical Directives

- An advance directive will help the PCP understand the member's wishes about their health care in the event they become unable to make decisions on their own behalf. Examples include:
  - Living will
  - Health care power of attorney
  - "Do Not Resuscitate" orders
- Execution of an advance directive must be documented on the member's medical records
- Providers must educate staff on issues concerning advance directives and maintain written policies that address a member's right to make decisions about their own medical care

## Regulatory Information

# Medicare Outpatient Observation Notice (MOON)

- Contracted hospitals and critical access hospitals must deliver the Medicare Outpatient Observation Notice (MOON) to any member who receives observation services as an outpatient for more than 24 hours
- The MOON is a standardized notice to a member informing them they are an outpatient receiving observation services and not an inpatient of the hospital or critical access hospital and the implications of such status
- The MOON must be delivered no later than 36 hours after observation services are initiated, or if sooner upon release
- The OMB approved Medicare Outpatient Observation Notice and accompanying form instructions can be found at: [www.cms.gov/Medicare/Medicare-General-Information/BNI/index.html](http://www.cms.gov/Medicare/Medicare-General-Information/BNI/index.html)

Fraud, Waste, and  
Abuse

# Fraud, Waste, and Abuse

Ascension Complete follows the four parallel strategies of the Medicare and Medicaid programs to prevent, detect, report, and correct fraud, waste, and abuse:

- Preventing fraud through effective enrollment and education of physicians, providers, suppliers, and beneficiaries.
- Detection through data analytics and medical records review.
- Reporting any identified or investigated violations to the appropriate partners, including contractors, the NBI-MEDIC and federal and state law enforcement agencies, such as the Office of Inspector General (OIG), Federal Bureau of Investigation (FBI), Department of Justice (DOJ) and Medicaid Fraud Control Unit (MFCU).
- Correcting fraud, waste or abuse by applying fair and firm enforcement policies, such as pre-payment review, retrospective review, and corrective action plan.

# Fraud, Waste, and Abuse

Ascension Complete performs front and back-end audits to ensure compliance with billing regulations. Most common errors include:

- Use of incorrect billing code
- Not following the service authorization
- Procedure code not being consistent with provided service
- Excessive use of units not authorized by the case manager
- Lending of insurance card

Benefits of stopping fraud, waste, and abuse:

- Improves patient care
- Helps save dollars and identify recoupments
- Decreases wasteful medical expenses

# Fraud, Waste and Abuse

Ascension Complete expects all of our providers, contractors, and subcontractors to comply with applicable laws and regulations including, but not limited to, the following:

- Federal and State False Claims Act
- Qui Tam Provision (Whistleblower)
- Anti-Kickback Statute
- Physician Self-Referral Law (Stark Law)
- Health Insurance Portability and Accountability Act (HIPAA)
- Social Security Act (SSI)
- U.S. Criminal Codes

# Medicare Reporting

- Potential fraud, waste, or abuse reporting may be called to our anonymous and confidential hotline at 1-866-685-8664
- To report suspected fraud, waste, or abuse in the Medicare program, please use one of the following avenues:
  - Office of Inspector General (HHS-OIG): 1-800-447-8477/ TTY: 1-800-377-4950
  - Fax: 1-800-223-8164

## CMS Mandatory Trainings

# CMS Mandatory Trainings

All Ascension Complete contracted providers, contractors, and subcontractors are required to complete three required trainings:

- General Compliance (Compliance): Within **90** days of joining Ascension Complete and annually thereafter
- Fraud, Waste, and Abuse (FWA): Within **90** days of joining Ascension Complete and annually thereafter

# General Compliance & Medicare Fraud, Waste, and Abuse Training

- Providers are required to complete training via the Medicare Learning Network (MLN) website.
- Must be completed by each individual provider/practitioner within the group rather than one person representing the group collectively.
- Training must be completed within **90** days of contracting and annually thereafter.
- Complete the certificate(s) of completion or attestation through the CMS MLN and provide a copy to Ascension Complete

The screenshot shows the CMS.gov website with the Medicare Learning Network (MLN) Provider Compliance page. The page header includes the CMS.gov logo and navigation links. The main content area is titled "MLN Provider Compliance" and features the MLN logo. A "Fast Fact" section highlights the importance of medical review contractors and electronic medical records. A "Downloads" section lists various educational products, including "Medicaid Program Integrity: Safeguarding Your Medical Identity Educational Products" and "Medicare Parts C and D Fraud, Waste, and Abuse Training and Medicare Parts C and D General Compliance Training".

Official Information Health Care Professionals Can Trust

#### Fast Fact

Medical review contractors, such as the Comprehensive Error Rate Testing (CERT) program, continue to find errors for missing or inadequate signatures on progress notes, office notes, and orders for services and supplies.

Electronic medical records and ordering systems are accepted by CMS if documentation received is otherwise in compliance with CMS record keeping requirements. With electronic systems, CMS review contractors may request a copy of a protocol, policy or procedure that describes how electronic health records are signed and dated in order to verify that the documentation has been electronically signed by the ordering/treating professional. Providers need a system and software products that are protected against modification.

For more information on signature requirements, refer to [Pub 100-08 Chapter 3, Section 3.3.2.4 - Signature Requirements](#). E-Prescribing must follow specific requirements; see Section 3.3.2.4.F. Please also visit the [CERT Outreach & Education Task Forces web page](#).

The Medicare Learning Network® (MLN) Provider Compliance page contains educational products that inform health care professionals on how to avoid common billing errors and other improper activities when dealing with various CMS Programs. CMS' claim review program's overall goal is to reduce improper payment error by identifying and addressing coverage and coding billing errors. Since 1996, CMS has implemented several initiatives: to prevent improper payments before a claim is processed; and to identify, and recoup improper payments after the claim is processed.

The Downloads section contains MLN products, MLN Matters® Articles, and the "Archive of Medicare Quarterly Provider Compliance Newsletters" which have been designed to provide education on common billing errors and other improper activities. These lists, as well as other information in the Downloads and Related Links section, are updated as new products and articles are developed and existing products and articles are revised.

If you would like to contact the MLN, please email us at [MLN@cms.hhs.gov](mailto:MLN@cms.hhs.gov).

- First-Tier, Downstream, and Related Entities (FDR), as well as delegated entities, are required to complete training via the Medicare Learning Network (MLN) website
- The trainings must be completed by each individual provider/practitioner within the group rather than one person representing the group collectively
- The updated regulation requires all applicable entities (providers, practitioners, administrators) to complete the training within **90** days of contracting or becoming a delegated entity and annually thereafter
- Once training is complete, each applicable entity will need to complete the certificate(s) of completion or attestation through the CMS MLN and provide a copy to Ascension Complete

A photograph of two women walking on a white wooden bridge over a river. The woman on the left is wearing a grey and white striped sweater and blue jeans, smiling and looking towards the woman on the right. The woman on the right is wearing a purple long-sleeved shirt with a small floral pattern and dark pants, also smiling and looking towards the woman on the left. The background shows a river, trees with autumn foliage in shades of orange and red, and a cloudy sky. The text 'Q & A' is overlaid on the left side of the image in a purple serif font.
